Tijani Bulama

Senior Full-Stack Engineer · AI Automation Specialist · Corporate Technology Trainer

Lagos, Nigeria · tla.com.ng

PROFILE

Tijani Bulama is a senior full-stack software engineer with 8+ years of experience building web, mobile and AI-powered products with Laravel, React, Node.js, Python, PostgreSQL/MySQL and AWS. He is the Founder and CEO of Skillscore IT Solutions & Training, a Lagos-based technology training and software development company, and leads corporate training delivery through Mapelead Limited and Ha-shem Academy. His work spans production software, AI agents and automation, and instructor-led programmes in Oracle Database, cloud, virtualization and Lean Six Sigma for corporate and public-sector teams.

EXPERIENCE

Founder & CEO — Present
Skillscore IT Solutions & Training · Lagos, Nigeria
Founded and leads a technology training and software development company closing Africa's tech-skills gap — delivering production software for clients and hands-on corporate programmes in Oracle, cloud, virtualization, software engineering, AI and Lean Six Sigma.

Lead Trainer & Consultant — Present
Mapelead Limited · Lagos, Nigeria
Leads training and consulting delivery under the Mapelead brand, including AI & Machine Learning, Lean Six Sigma and software development programmes for corporate clients.

Lead Instructor — Present
Ha-shem Academy · Lagos, Nigeria
Lead instructor for corporate IT programmes, including the five-day Oracle Database 19c bootcamp (SQL, PL/SQL, DBA I–III) and Oracle RAC administration labs.

Senior Full-Stack Software Engineer — Present
Freelance & contract · Remote
8+ years designing, building and maintaining web, mobile and AI-powered products with Laravel, React, Node.js, Python, PostgreSQL/MySQL and AWS — from e-commerce and school management systems to WordPress plugins and automation pipelines.

Corporate Trainer
Covalence · Nigeria
Delivered corporate technology training programmes under the Covalence brand.

NYSC Corps Member
Katsina State Directorate of ICT (KATDICT) · Katsina, Nigeria
Developed a digital impact and legacy agenda for the directorate and designed a digital-literacy programme for schools during the National Youth Service year.
